

**BT** wholesale

# BT Locate

How secure is your customers' data?

After a disaster,  
**43%**  
of companies  
never re-open\*

A further  
**39%**  
close within  
two years\*

But housing and  
maintaining your own data  
centre can be a hassle

The solution is BT Locate:  
it's efficient, secure, local

More than 5,000  
exchanges in the UK

Continuous  
monitoring + a  
resilient service

We support anything  
from a single rack to a  
full-blown data centre

Your customer's data.  
Our resilience.

Keeping their  
data and your  
business safe

We take the worry away, so you can  
focus on growing your business
