Dots in the sections above are a guide to briefing impact

Following Ofcom's MTR statement of 15th March 2011, on 17th March 2011 BT wrote to CPs with Mobile Ranges, with rates above Ofcom's new MTR ceiling rate of 2.9840 (PPM) to request a letter into BT to reduce their rates to this level.

In light of the limited level of response and our desire to reduce the termination rates of those CPs currently above the Ofcom ceiling, along with requests from a number of CPs, BT will now consider CPs' proposals which move their MTR rates towards the Ofcom MTR ceiling rate.

BT does not accept that these rates are 'fair and reasonable' and with the potential for regulatory intervention, BT reserves the right to raise a dispute in the future.
