

WHOLESALE BROADBAND CONNECT

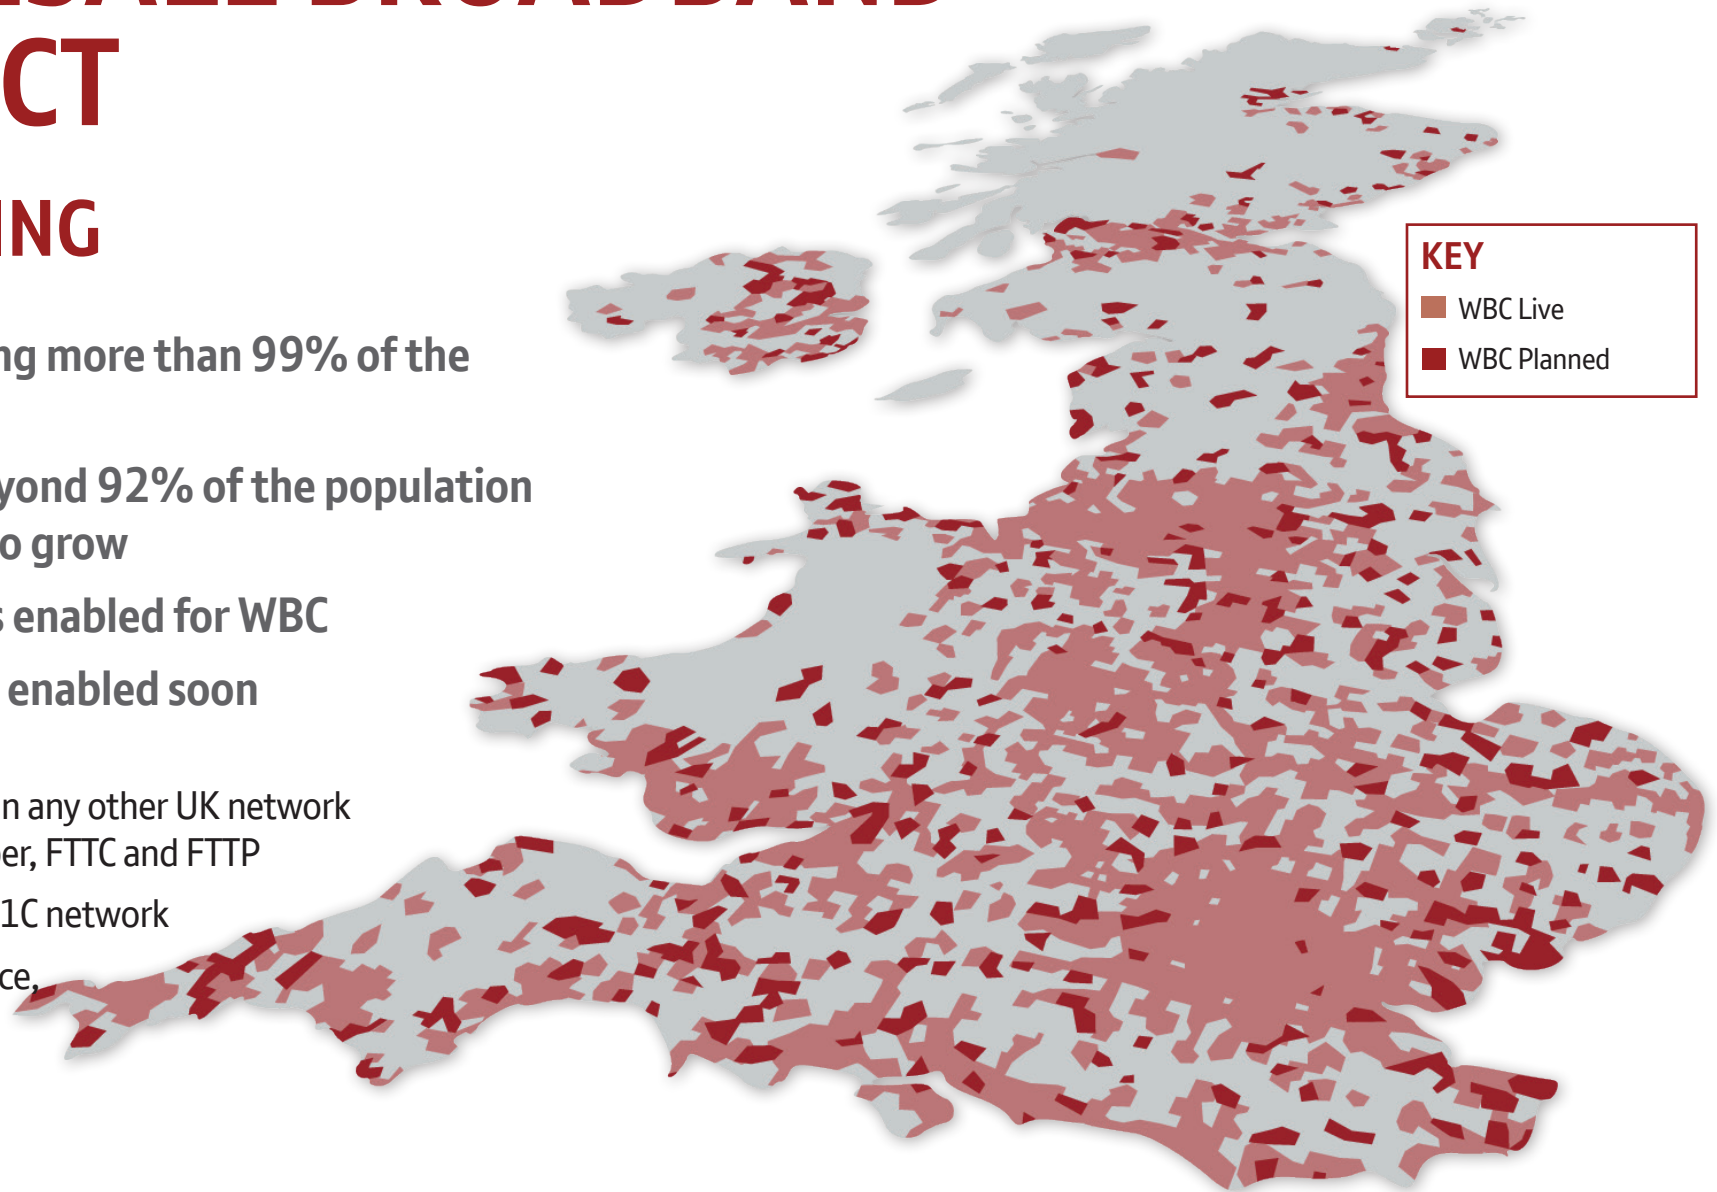

IT'S GROWING

- Coverage reaching more than 99% of the UK population
- WBC extends beyond 92% of the population and continuing to grow
- Over 2,700 sites enabled for WBC
- 100s more to be enabled soon

More access options than any other UK network provider, including copper, FTTC and FTTP

Run on world-leading 21C network

WBC can support: IP voice, video conferencing, CCTV, TV on demand and much more
